

Housing:

Glass:

Connection:

The temperature of the medium:

Ambient temperature:

Steel plate

transparent plastic

Brass

max 60 ° C

-40 to + 60°

Natablicowy pressure gauge with dual scale, rear connection, accuracy class 2.5

Execution:

Application:

Accuracy:

Bourdon tube pressure gauge

gases, liquids of low and medium viscosity, non-corrosive media that do not attack brass

1.6
