

Spiral without endings

This series is characterized by small, densely arranged windings, and low weight.

Material: nylon (PA11) + threaded ends

Working temperature: -40 ° C to + 100 °

Characteristic: small, densely arranged

Application and medium: compressed air, substances

Name	Screw	Śr. przewodu	Zew.średnica spirali	Ilość zwoi	Max.długość węża (m)	Max.ciśnienie rob. przy 23°C
SP 5	-	5x3	38	144	10	22
SP 6	-	6x4	75	140	22,5	16
