

Spiral without endings, nylon

This series is characterized by small, densely arranged windings, and low weight.

Material: nylon (PA11) + threaded ends

Working temperature: -40 ° C to + 100 °

Characteristic: small, densely arranged windings

Application and medium: compressed air, oil, water, and other substances

Name	Screw	Śr. przewodu	Zew. średnica spirali	Ilość zwoi	Max. długość węża (m)	Max. ciśnienie rob. przy 23°C
SP 8	-	8x6	75	135	22,5	13
SP 10	-	10x8	115	90	22,5	12
SP 12	-	12x9	140	70	22,5	11
